P/N MPT-30707001

SCBA Cylinder Pressure Tester – 0–400 bar, M22×1.5

Comprobador de presión de cilindros de ERA – 0–400 bar

Screw-on pressure tester for checking the charge pressure of breathing-air cylinders directly at the cylinder valve, without fitting the cylinder to the SCBA set. Gauge range 0–400 bar; connection M22×1.5, G5/8 version available.

KEY FEATURES

- Direct reading of cylinder charge pressure
- Gauge range 0–400 bar — suits 300 bar cylinders
- Hand-wheel connection to the cylinder valve
- M22×1.5 connection (G5/8 version: MPT-30707002)

TECHNICAL SPECIFICATIONS

Part number	MPT-30707001
Type	Cylinder pressure tester (gauge)
Connection	M22×1.5
Gauge range	0–400 bar
Used with	300 bar SCBA cylinders with M22×1.5 valves
Alternate connection	MPT-30707002 — G5/8

PRODUCT

0–400 BAR | M22×1.5 | SCBA ACCESSORY

Genuine OEM equivalent available on request. Confirm valve connection (M22×1.5 or G5/8) before ordering. Illustration for reference; appearance may vary.
